## Annual Report to the Community

Over the past week we have completed our 2018 Annual Report to the Community. Yes it is the 2018 report! The report outlines our achievements towards our identified priorities from our 2017 School Review. It also discusses our future plans. The report has been sent to Catholic Education Southern Area Office for verification. Once approved the report will be published on our school website.

## Policy Update

This week we updated our SFS Privacy Policy 2019 and also our SFS Standard Collection Notice 2019. These policies have been uploaded to the school website and can be found under Enrolment Information.

## The Resilience Project

We will be introducing this programme in Term 3 2019. We have a staff session and students sessions planned for the end of Term 3. There will be a parent session not to be missed in early Term 4.

**Date to lock into your calendar**

**Wednesday 16th October 2019 at 7pm – Parent Session**

**GEM** Gratitude, Empathy, Mindfulness;

**Gratitude** ; grateful for what you have, not what you haven't or what you want.

**Empathy** : awareness of others, put yourself in someone else's shoes.

**Mindfulness**; focusing one's awareness on the present moment, while calmly acknowledging and accepting one's feelings, thoughts, and bodily sensations, GEM

A simple but powerful technique of rewriting our thinking.

Come and learn ways to support your child, yourself and your families wellbeing. A parent session definitely not too be missed. We have been very fortunate to secure a spot in this highly sought after program. Please lock in the date now.

***The Holy Spirit will teach you everything and remind you of all I have said to you'.***

***John 14: 23–29***

In this Gospel, Jesus prepared his disciples for his return to God. Jesus promised them that the Holy Spirit would live within them and provide strength and courage. The Spirit would always be available to help them as a counsellor and advocate. Through the Spirit, they would recall the words and teachings of Jesus and even come to understand these things in a way that they could not before. In addition the disciples would receive peace from the Spirit. The peace of the Spirit would be a “shalom” kind of peace which provided a special inner serenity.

This reading is especially helpful when parents have to explain death to their children. Jesus told his disciples that if they truly loved him, they would be happy that he was going to be with his Father. While the words are sometimes hard, even for us as we face a loss through death, our faith lets us know that Jesus and our loved ones are truly happy in a way we can't fully understand. Jesus offered the Spirit to the disciples because he knew the days ahead would be hard for them. It is that same Spirit that helps us and our families when we face hard days following a death. The greatest news in this reading is that Jesus will be back for us!

Jesus promised the Holy Spirit would be with us in the world until he returned for us. Take a look in your parish bulletin, local newspaper, or at school, work, or in your neighborhood and list as many examples as you can where you see the Holy Spirit at work in the world. If you notice someone on your list who needs to be reminded that the Spirit is active in their lives, call or visit them and let Jesus' presence be seen through you.

Your friend in Christ!

## **National Reconciliation Week**

**27<sup>th</sup> May – 3<sup>rd</sup> June**

National Reconciliation Week (NRW) is a time for all Australians to learn about our shared histories, cultures, and achievements, and to explore how each of us can contribute to achieving reconciliation in Australia.

Reconciliation must live in the hearts, minds and actions of all Australians as we move forward, creating a nation strengthened by respectful relationships between the wider Australian community, and Aboriginal and Torres Strait Islander peoples.

Spend some time as a family exploring NRW by looking at the link below:

### CODING! CODING! READ ALL ABOUT IT!

This week the seniors were immersed in coding. The year 3's completed mBot robot tutorials as this is the first time they have used the Robots and the 4,5,6 students completed visual coding activities and some simple Java Script. Early finishers tried their hand at Catchment Detox, a conservation game where making money and looking after the environment are essential.

### Term 2 - Music and Wellbeing

This term, SFS has started preparing for the School Productions of **Beyond the Sea** (Junior) and **Jukebox Jive** (Senior). Kristy has been working with the Junior classes on learning the choreography to each class song, and Rachel has been working with the Seniors.

In Music, the focus has been on working proficiently in an ensemble and how to incorporate elements taught in Term 1 Music into singing songs. Students have had opportunities to create and share their own choreography to their peers, as well as learn set choreography and learning the importance of looking as one.

In Wellbeing, there has been a focus on Student Agency where the children have been given an opportunity to have an input into help create some of the choreography. The Seniors have had a challenge each week to practice using a value or skill such as co-operation, responsibility and respect to work towards the common goal of learning our class routine.

Each week, the Junior and Senior students are given the opportunity to share their performance and what they have learned with each other and offer feedback to each as to what works well and an area to improve on.

The children are really enjoying sharing the performances with each other.

We look forward to see the growth in the next few weeks!

### DIVISIONAL CROSS COUNTRY

What a great effort by our Cross Country team on Wednesday May 29<sup>th</sup>. We headed down to Casey Fields on the coldest day of the year so far with a promise of rain and even hail. The wind was icy and made the run difficult as students ran into the wind at different points, but at least there was no rain!!! Our students did us proud, encouraging each other and congratulating each student as they finished the race. Well done Cross Country Team for 2019! A big thank you to Lulli and all the staff who gave up their time to train the Cross Country Team! Their hard work has really been evident in our results.

We now congratulate 4 students as they head to Regional Cross Country on June 20<sup>th</sup>!! We wish them well and hope they achieve their best at the next level.

**Congratulations to: Tate, Keava, Alexis, and Kian .**

Well done, we are very proud of you and we wish you good luck as you continue your training for the big day!

Giuliana & Lulli

On the 29th of May, 13 students went to Divisional Cross Country. The weather turned us into an icicle, and the wind was very strong, you could hardly walk. Lucky the rain held off and it wasn't as wet as the morning. It was a lot of fun.

### GRADE 5/6 SOCIAL JUSTICE TEAM – MINI VINNIES

Mini Vinnies had a fantastic opportunity to have the president and conference members of the Hampton Park St Vincent de Paul Conference come and visit us on Monday to discuss how they help members in need within our community. Joan, Margaret and Amy

explained how they visit people in need offering assistance through shopping vouchers, Vinnies Shop vouchers, food and companionship. The students were so excited to discover their first action of collecting food items for our Sacred Heart Mass later in the term. These food items will go to the conference to assist those in need. Darshan and Ryan have written about the experience below.

#### Minnie Vinnies

On Monday the Social Justice Action team were visited by Amy, Margaret and Joan. We learnt how Margaret and Joan visited poor people to help them. Also how Amy was the youngest ever president of the St Vincent de Paul Hampton Park Conference.

## BeYou

At SFS, we are **Be You** school. We are a school that values and promotes the mental health of everyone in the learning community, students, parents and teachers. Each week, we have been sharing a fact sheet from the **BeYou** website, with valuable information around

mental health. This week's fact sheet is all about resilience and mental health.

## Resilience and mental health

It's widely accepted developing social and emotional skills benefits all aspects of children and young people's learning, development, mental health and wellbeing. Resilience is a key social and emotional skill that's a protective factor for children and young people's mental health and wellbeing.

## Feeling optimistic and hopeful are key to mental health and wellbeing

Children and young people's resilience is enhanced when they:

- are loved by someone unconditionally
- have an older person outside the home they can talk to about problems and feelings
- are praised for doing things on their own and striving to achieve
- can count on their family being there when needed
- know someone they want to be like
- believe things will turn out all right
- have a sense of a power greater than themselves
- are willing to try new things
- feel that what they do makes a difference in how things turn out
- like themselves
- can focus on a task and stay with it
- have a sense of humour
- make goals and plans, both short and longer-term.

## M Connect with Wellsprings for Women

The topic for this day will be self help, looking at things like meditation and ways to take care of ourselves mentally, which is so important.

If you would like to come along, please email me on [rlenko@sfslynbrook.catholic.edu.au](mailto:rlenko@sfslynbrook.catholic.edu.au). All parents are most welcome to attend.
